

FIXED & ADJUSTABLE HEIGHT STAIR UNITS

For ultimate convenience, Staging Concepts manufactures both Fixed and Adjustable Height Stair Units that provide access to any height stage. Step units can include locking mechanisms that attach quickly and firmly to any of Staging Concepts' decks. The Fixed Height Stair Unit is available in a Simple Step Unit (for lower fixed height stages) and a Raker Stair Unit (for taller fixed height stages), and can be custom manufactured to fit the height of your stage.

Simple Step Unit –
for Lower Fixed Height Stages

Raker Stair Unit –
for Taller Fixed Height Stages

48" Tall Fixed
Height Stage with
Raker Stair Unit

The Adjustable Height Stair Unit can be easily modified to fit stages that are adjustable in height.

FIXED & ADJUSTABLE HEIGHT STAIR UNITS

ADVANTAGES

Safety

- Stair units are equipped with two aluminum handrails for the safety of patrons and performers. (Does not apply to Simple Step.)
- Fixed Height Stair Units manufactured with code-compliant rise and run

Efficiency

- Depending on the style, stair units will lock into platform extrusion with no loose parts or special tools. (Does not apply to Simple Step.)
- Removable aluminum handrails allow for easy transport and storage
- For use with all of Staging Concepts' platforms

Variety

- Variety of heights available for both Fixed and Adjustable Height Stair Units
- Aluminum handrail for all stair units available in mill aluminum, black powder coat, silver powder coat, black anodized, or clear anodized finish

**Custom sizes and finishes available upon request*

TECHNICAL SPECIFICATIONS
